DESCRIPTION

After receiving a lot of inquiries about this (and the Cuba WWI Victory medal), I ended the auctions last night and took more photos that should answer many of the questions, and put everyone on a level playing field. The obverse and reverse are as shown; additional photos include a double struck "MADE IN FRANCE" in the rim, and off-strike of "BRONZE" in the rim - see photos. The "InterAllied WWI Victory Medals" book I scanned through supposes that the Siam WWI Victory medals were made in France under contract. See photos.
